

Vote **KANSEN CHU** *for* **ASSEMBLY 2022**

As an immigrant who came from Taiwan to the United States for graduate studies in Electronics Engineering, I am honored and humbled to be elected to serve our community as a California State Assemblymember, San Jose City Councilmember and Berryessa School Board Trustee!

With decades of public service experiences and a strong commitment to integrity and transparent government, I have built strong collaborative working relationships with our regional and state leaders across political party lines. I am an independent thinker, and committed to focus my service to YOU.

Last year, I wanted and needed to come back to work closer to home to be with my 99+ years old mom. She passed away peacefully in my arms at home in April and she is in a better place now. Our community, our State is at a cross road. I am committed to come back and devote my time and energy to continue my years of work on mental health, public safety, transportation, housing, environmental, jobs, water and of course education issues. That's why I'm running for the State Assembly again to continue serving the people in Alviso, Berryessa, Fremont, Milpitas, Newark, North San Jose, and Santa Clara.

To be an effective representative of you in Sacramento, I need to listen to YOU! Please find time to contact me about your concerns and issues! Together, we can make our cities, counties and our State a desirable place for all families to live, work, play and retire.

Thank you.
